I am submitting consolidated comments and can fill folks in on what is expected - maybe at Wed 3:00 briefing? If you want to pull these and prepare response that would be fine with me. I would like to see if before going out.

To All,

I think we need a coordinated effort in replying back to these comments. I think we do not second guess our qualification -- but provide the data for them to determine Data Quality Objectives for their needs.

I guess we need a plan. For Organic analysis I am willing to consolidate the analysts comments and draft replies. I would liked to get Jill's consensus on our replies.

Stevie

My comments and I don't know what our policy should be. On these issues. Probably defensive. Please rewrite.

Please review the attached memo and let me know what your responses are for each item pertaining to your reports. Do not worry about #6 as we are responding to that one globally.

You may enter your response directly after the item and then send the file to me and cc: Robin and Jill. Robin and I will prepare the response memo. Responses needed ASAP (Tuesday afternoon???)
